## PRESIDENT'S MESSAGE

I suppose the question of the week is what did you think of our trial run at The Trade Winds? I thought on the upside was that it was almost like being home at Tompkins on Swan. We were on our own, had heaps of "elbow room", the audio / visual simply worked and if it had not have rained the parking would not have been too much of a problem. On a very personal note they also provided a lectern meaning less for me to try and fit into the ever useful but always never quite big enough 60-litre container. The negatives are that we do lose money on the night and I thought that the meal needed a bit of an upgrade. However, it did seem that our food preferences were catered for.

I suggest that the Board makes a recommendation when it meets in two weeks' time. In the meantime, don't forget that we are back at the **Kardinya Tavern this coming Monday with the highlight of the night being the induction of Barb Kitto.** It also means I get to dust off the chain of office and remember my lines.

What about our guest speakers Craig and Jade on Monday - they were simply awe-inspiring and emphasises to me that every journey starts with one small step, from two volunteers to more than 90 in such a short time. Craig still finds time to work full

*(Continued on page 2)*

time as a civil engineer and he comes across as such an unassuming person. Full marks to Jade and the volunteers. I, for one, would find it quite daunting to be so up close and personal. Somehow, somewhere I get the feeling that the Club could help them in one way or another. Your thoughts would be much appreciated.

Don't forget our sausage sizzle this coming Sunday. I'm not sure if Colin has filled in all the time slots, so if you can find time to help, please give him a call and see how you can help. I am hanging out for a Bunning's sausage, with onions and find them far superior than our Eastern States cousins' attempt that comes in a slice of white bread.

Another reminder that **District Governor Colin Burns visits us on 24 August** and your thoughts if the Trade Winds would be a more suitable setting for what is an important part of the Club's calendar. Also, the week before, 17 August, as already announced I think we should have a Club Assembly in order to ready ourselves for DG Colin's visit.

I cannot believe where the month of July has gone. If it continues in the same vein, the year will be over almost before it has started – which brings me to a very important point, we do need a President Elect for next year, and while we are at it, it would be great to also have a President Nominee for Rotary Year 2003-2004 to support District Governor Nominee Designate Patricia Schraven from the Rotary Club of Mandurah Districts.

Thank you for your support in my first month which has not been without a few challenges but with your support and guidance I know we will have a great Rotary Year.

Yours in Rotary

Neil

Dear Rotarians

I am seeking your support to promote a consumer survey on experiences/perspectives of palliative care in WA. This research has been commissioned by the Department of Health, WA, in response to the recommendations of the Joint Select Committee on End of Life Choices, in particular recommendation 9:

*"A Health should conduct an independent review, from a patient's perspective, of the three models of palliative care in Western Australia: inpatient, consultative and community. The review should examine the benefits and risks of each model and the accessibility of each across the state."*

**We are asking that you promote this survey for this independent review via your clubs/district/website/social media/e-news.**

Find the link at: <https://perroninstitute.org/palliative-survey>
