PRESIDENT'S MESSAGE

One of the problems of being President is that the Monday night simply flies by not leaving much time to relax and catch up with members. I simply do not know where the time goes, but must try and hone up my time management. Of course, not having cakes and coffee at the end of the meeting has resulted in fewer members staying on afterwards. Certainly by the time I have cleared my bits and pieces away there are not too many left. Then again, if this is one of the few downsides of how Covid 19 has affected our meetings, we do not have too much to complain about and, as always, we are continually on the lookout for suitable Monday night venues, so keep on looking.

A big thanks to Mick for standing in at the last minute for our Happy \$ session and I do believe that for about the first time that I can recall, most of the dollars collected did relate to Happy \$ - well done, Mick. John also showed his adaptability at stepping into the breach at a moment's notice by folding the Joker tickets in a timely and professional manner, whilst controlling the TV screen. Multitasking is obviously one of his skills. I, of course, set up our new sound system, after resorting to You Tube to see how to open the microphone in order to insert, what I assumed would have to be

batteries. In case you ask — no, the new, you beaut sound system did not come with microphone batteries, never mind instructions. You Tube was fantastic, apart from the video was in German but I persevered without sound and had to laugh when the two German guys also scratched their heads on how to open the microphone.

Thank you Ian and Jacquie for organising the Melbourne Cup Sweep. In retrospect, we should have had a lunch, although I have to say that I have never been to a racecourse and how to place a bet would need more You Tube surfing ha ha.

Our guest speaker for the night, Matt Scanlon, was excellent. Where does he get the energy and the drive from? I think I know the answer, it is youth. He did thank us for the hospitality as it appears the last Rotary Club he presented to were not as forthcoming.

In the next few weeks there will be various announcements relating to our Christmas Party. I get the idea that Abby is firing on all 12 cylinders and going into overdrive to ensure the night is a success, but have to assume that Kerry is keeping a watchful eye. I wonder if Father Christmas knows the address?

Monday, 16 November, is our Annual General Meeting so please attend and cast your vote to elect Club Officers for Rotary Year 2021/2022.

Enjoy your week

Yours in Rotary

Neil

FAMILY OF ROTARY

31/10/20 Update from Bev: "Charles is improving daily. The stitches have now been removed from his mouth and face, so he is looking so much better and of course, able to eat normal food instead of mush. He is able to do more with his leg each day, although the progress is slow. I can't remember whether I had mentioned that we discovered on Tuesday he also has a broken rib and that has been causing him quite a bit of pain. The good news is that he has been transferred to Attadale for rehab. I'm not sure how long he will be at Attadale, should hopefully find out more on Monday, we think possibly 1 to 2 weeks."

SUNDOWNER - SATURDAY, 28 NOVEMBER

Members are invited to a Sundowner at Jim & Jenny's place, Saturday, 28 November, 5:30pm. BYO drinks and plate to share. Please advise Jim and Jenny at 0418 929 601 or 9438 2340

JACARANDA FESTIVAL - SATURDAY, 28 NOVEMBER

We have committed to help the Rotary Club of Applecross with their Jacaranda Festival by manning the North West entrance with two people for the whole day. The task is to welcome people and encourage them to give a gold coin donation for entry (or an electronic donation). Please advise Sec Colin of your preferences for the times you are available during the day

GIVING UPDATES

SHARE this Giving Tuesday

Giving Tuesday has grown into a global movement of generosity. It’s a day that empowers all of us to give to our communities through service, kindness, and financial support — all acts that Rotary values deeply. One easy way to take action on Giving Tuesday, 1 December this year, is to [make a gift](#) to The Rotary Foundation’s Annual Fund-SHARE.

The [Annual Fund-SHARE](#) system is Rotary’s primary way of making sustainable projects possible both close to home and around the world. It empowers Rotarians to use these funds to create lasting change where our help is needed most. Last year, the Foundation awarded 490 district grants and 1,359 global grants as a result of Annual Fund-SHARE contributions made by generous donors.

On Giving Tuesday, make The Rotary Foundation your charity of choice so that together, we can keep Doing Good in the World.

GRANT UPDATES

Expanded funding options for global grants

The Foundation Trustees have made another change to the way that global grants are funded, following their decision to stop matching cash contributions to grants because of the high demand for global grants. This latest change will give Rotary clubs and districts more flexibility in financing grant activity.

There’s no longer a minimum World Fund match for global grants. This means that grant sponsors can use any combination of District Designated Funds (DDF), cash, or directed gifts and endowment earnings to fund a global grant, as long as the minimum project budget is \$30,000. The maximum World Fund award remains \$400,000. As noted before, the Foundation will provide a 100 percent World Fund match for all DDF contributions, but not match cash contributions.

The best way to ensure sufficient World Fund resources for grant activity in the future is to give generously to the [Annual Fund-SHARE](#).

Why I finally joined a Rotary club

By Erin Maloney

Until this summer, I had never really thought about joining a Rotary club. Even though I have been involved with service – from anti-domestic violence issues to giving music lessons – for all of my adult life, I was not interested in the traditional model of Rotary (with weekly meetings).

Living in Turkey, I was becoming more interested in reducing human trafficking, as I was concerned that female university students from abroad were being “groomed.” After the COVID-19 pandemic, however, it became more difficult to address this issue.

Meanwhile, I noticed that Rotary was becoming less traditional, open to a “new” kind of Rotarian – someone like me.

Perhaps the opportunities had been there for a while, but I first noticed them while attending the [2020 Rotary Virtual Convention](#) (led by my brother, Mark Maloney, then Rotary International president). I saw three things that convinced me to join.

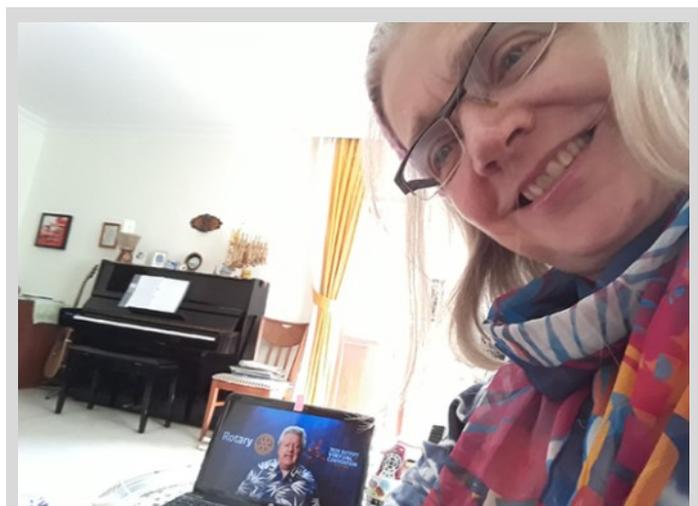

At the Convention’s first general session, I was impressed by [a video about how communities like “Anytown”](#) could have more Rotary clubs, if they broadened from the traditional model of meetings to a different sort of model, so that more “people of action” could participate.

Then, at the Convention’s second general session, I saw an example of a just such a non-traditional Rotary club. I had never seen one like it! It met only twice a month, on Sundays, in a coffee shop – with their children!

Finally, I looked carefully at the “booths” in the Virtual Convention’s House of Friendship. There, I learned about [RAGAS](#) (Rotary Action Group Against Slavery), and decided to attend a “Zoom” meeting to learn more about the work of the organization. I was impressed! With Zoom-chat, I asked if there was an international Rotary club devoted to ending modern slavery. I was immediately given contact information for the Rotary Club to End Human Trafficking in Minnesota, with Karen Walkowski as its Rotary Club president.

And the rest is history! I have now been a member of this Rotary club for three months, attending twice monthly meetings, online via Zoom. While a majority of its members live in the US, there are others like me who live around the world. I am impressed with the work and direction of the club.

I am happy that Rotary has broadened its meeting model, to include [people of action](#) like me.
