PRESIDENT'S REPORT

John Sharp
2021-22 President

Our last meeting was well supported by Rotarians from Baldivis Club as well as one from Kenwick (saw our speaker mentioned on our Facebook page; well done Jacqui). They came to listen to Mark Chaston talk about Baldivis' journey as a new club. Some useful ideas for us re membership as well as some common ideas that we have already in place. Their turnaround after a period of instability happened after they found a venue that reflected their preferred image as a Rotary club and they completed a Visioning process with a clear Purpose & Strategic plan. We have also completed those two steps and are now adhering to our vision & strategic plan.

Sadly we had a number of members who had booked & paid for meals and then could not attend for health reasons. We wish Abby & Llew a quick recovery.

Please book early for next week which is a Club Business meeting focussed mainly on the Neil Henley Foundation constitution and how it relates in a governance sense with the RCA Board. Please come along prepared to express your views. This is an opportunity requested by members at the Member Satisfaction Survey debrief meeting in early June and is an important chance to get us all better understanding how our money is managed.

Have a great day

John

Come along to hear from the Board of Directors what our club has been doing both in the local and the international communities and have your say and input on this. All positive criticism is always welcome - after all, this is YOUR club.

This is a great meeting to invite prospective members to attend, they get a real insight into what we do at Rotary. Feedback from previous visitors attending business meetings has been very positive.
