KEITH McNAUGHT, the Club's Local Service Director, will present a session on the role of a technology tool, "**Snap, Send, Solve**" to initiate a local service initiative for our club.

If you'd like to download the app to your phone before the meeting, you can have a play with the app, which is very easy to use. This app is an easy and efficient way to notify local councils, utilities or other authorities of issues that need addressing in your community.
