## Meeting June 3

President Colin thanked Ian for taking on the role of acting Sergeant. He then welcomed Mick's guest, Mo Zhai, and all members.

Mo is an Architect Design Registered Builder and manages Redstone Construction

Colin shared with the meeting, **Rotary International President Ian Riseley's** vision for the year saying it is a wonderful vision and one that he would like the Rotary Club of Attadale to follow.

Colin made a power point series that outlined the plan that was easy to follow covering three areas.

- Support and strengthen Clubs
- Increase humanitarian Service
- Enhance Rotary's Public Image and Awareness

#### Increase Humanitarian Service:

Together we can fight disease, educate the poor, protect the environment, provide clean water, eradicate Polio and promote world peace.

### THE ROTARY CLUB OF ATTADALE

Dinner Meeting July 3, 2017

#### Enhance Rotary's Public Image and Awareness:

Together we will increase our relationship with corporate and community organisations. With an outcome that 'Every person in Western Australia' will know about Rotary.

## Challenges for the Rotary Club of Attadale

Colin announced that the Rotary Club of Attadale faced a number of challenges.

### Lack of funds in the Club account due to

- Limitations on Club Account fund raising
- 25 meal minimum with Tompkins on Swan
- The cost of non-apologies

We are trying to have one large function a month to keep above an average of 25 each month.

This working well.

### Taxes on the Rotary Charity House

- Transfer Duty
- GST on the sale of the house

Colin was very grateful for John Iriks (RC Kwinana) putting him on to Sean Neary of Neary Consulting, Tax Specialists to help clarify our position.

Sean was extremely helpful explaining the law and how it applies to us.

He offered to help us free of charge which was a great gesture and much appreciated.

If anyone is in need of a tax specialist he comes very highly recommended.

### To have our Global Grant for the school of St Yared approved

This is Colin's top priority so John is relieved of other duties to lead the Global Grant Team of James, Neil and Fred. If the Global Grant is not approved we will miss out on \$59,125.

### Rotary Charity House

Colin also prepared a power point on the Rotary Charity House that is almost completed and looking very good.

Members were able to check it out during the meal.

Painters are on site this week and Jim Calcei has done a final completion list.

The carpet will be laid this Saturday and the landscaping is complete and the reticulation is in.

### Change to the By-Laws

John put forward a proposed change to our by-laws because of the issues that have arisen around taxation.

*Any proposed project/activity with an estimated value in excess of \$50,000 to be subjected to current professional advice regards the taxation and other legal implications and that such advice be incorporated into the business plan before any commitment is made on behalf of the club.*

After considerable discussion, John moved the motion and Mick seconded it. The motion was carried.

### Feedback Sheet

Colin handed around a feedback sheet for members to fill in

### FEEDBACK SHEET ITEMS

## This week's "About Rotary": The Rotary Foundation

**Ian Pittaway** told the meeting about his work on the District Foundation Committee.

He really loves being involved and has over the years served in a number of roles. He is currently the Scholarship Chairman.

The mission of The Rotary Foundation (TRF) is to enable Rotarians to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty.

It is a not-for-profit corporation supported solely by voluntary contributions from Rotarians and friends of the Foundation who share its vision of a better world. This support is essential to make possible Foundation grant-funded projects that bring sustainable improvement to communities in need.

### **Rotary World Peace Fellowships**

Rotary World Peace Fellows are leaders promoting national and international cooperation, peace, and the successful resolution of conflict throughout their lives, in their careers, and through service activities. Fellows can earn a master's degree in international relations, public administration, sustainable development, peace studies, and conflict resolution, or a related field, or a professional development certificate in peace and conflict resolution.

Up to 110 Rotary World Peace Fellows are selected each year

The Fellowship funding covers tuition and fees, room and board, transportation, internship / field study expenses.

### **District 9465 Change Over**

Last Saturday July 1<sup>st</sup> a group of Attadale Rotarians and their partners travelled to Mandurah to attend the Change Over of District Governors. It was a great opportunity to thank Linda McLerie for her amazing commitment and support to all the clubs in the District.

Her genuine interest and caring, sincere and friendly personality endeared her to us all. We would like to thank her husband, Greg, and the family for their love and support enabling Linda to do such a great job.

We wish her all the best in whatever she takes on next.

It was also an opportunity to show our support for the incoming District Governor, Bruce Lynch and his wife, Glenda. We thoroughly enjoyed Bruce sharing the story of his life and his involvement and commitment to Rotary. We wish him every success and we look forward to "Making a Difference Together".

### **Opera in the Park**

Colin took performers John Milton and Ileana Otto-Johansen from the Kalamunda "Opera at Twilight" to look at a number of possible venues in Melville. A final decision is yet to be made as there are a number of factors to consider.

Mick explained to the meeting how successful the Kalamunda performance has been and we look forward to enjoying similar success.

They perform about 22 very enjoyable and entertaining pieces which should appeal to everyone.

Last year the Rotary Club of Kalamunda donated \$15 000 to Interplast and kept \$5000 for seed capital from the profits.

Colin asked the members how can they help contribute to this project.

- The Bicton men's Shed will make the boxes.
- Printing of 10 000 pamphlets will be handled by Bev's friend.
- Giovanna has really impressive desk-top publishing and graphic design skills.
- We will look at distribution of pamphlets in local newspapers.
- People will be needed to take special displays to shopping centres, libraries, sporting clubs etc.
- We are developing a dedicated website telling people all about microbats and mosquito control and where and how they can get bat boxes. Anyone with experience using Word Press is asked to contact Colin as he would like a bit of tutoring.

	<p><b>Love in a Shoe Box</b></p> <p>Jim brought along 30 boxes from Nancy Bray who co-ordinates the "Love in a Shoe Box" project. Members are asked to put items into the boxes to suit either a boy or girl of a certain age. All the information is in the accompanying booklet. Each year the members are very generous and supportive of this project that brings a lot of joy and happiness to children who have very little.</p>

### Fines

A very entertaining fines session was held with numerous fines masters.

Mick was very entertaining telling a story of how he had a taxi driver in Sydney who spoke just like Fred so he was able to delight the driver by guessing correctly he was from Ghana. Even more amazing was Mick guessing he was Fred's brother!!!!!!!

Only flaw in the story was when Fred announced he did not have a brother!!!!!!!

### Congratulations

This week the door prize was won by Colin.

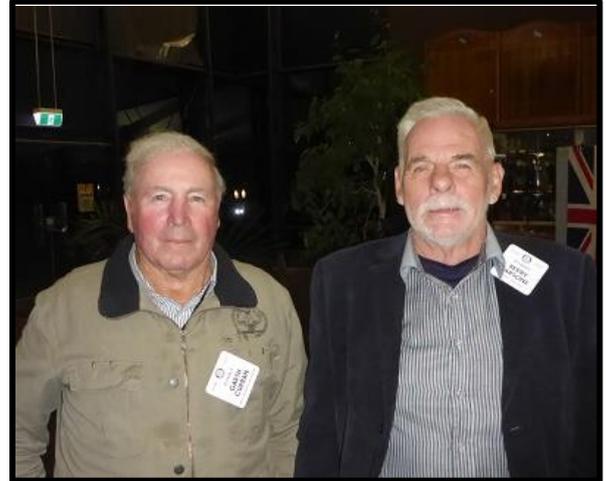

### Cakes

Thank you to Colin and Gail for the delicious Orange muffins that were enjoyed with coffee.

## Congratulations

Colin congratulated **Garth** on winning both the Line and Handicap Honours in this year's Fremantle to Bali Ocean Classic. Garth's Inglis 58, **Walk on the Wild Side's** winning time was the third fastest on record. There are quite a few sailors among the members who could appreciate Garth's great achievement.

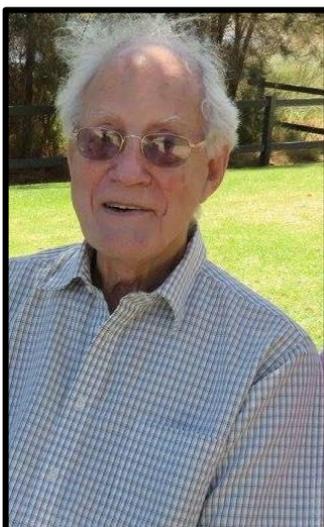

## Visiting other Rotary Clubs

**Giovanna** and **Neil** enjoyed attending the RC of Adelaide's lunch meeting while in SA.

The President, Ian D'Arcy Walsh, is a long-time friend and Giovanna has worked with D'Arcy on two Australian projects in Manila (1989) and Davao (2002).

That evening, Giovanna attended Ian's wife, Carol's Rotary Club of Prospect meeting of which she is also the president.

## Can you help?

**Yolanda Cool**, a past member of Attadale RC, came to our meeting in May.

She is involved in a project to supply novels, suitable for children and adults in Fiji.

Your help supplying books would be greatly appreciated.

You can contact Yolanda at [cool27@optusnet.com.au](mailto:cool27@optusnet.com.au)

**Robin Hamilton** has kindly offered to be the Club contact person for this project.

If you have books to donate please bring them to a meeting or contact Robin on 9315 3445.

## A Request for Used Stamps from Robin Hamilton

We all get mail and chuck out the envelopes into the bin. Maybe not so much mail these days! I have been the unofficial collector of 'used stamps' in the Club for some time. So far, this year I have collected none from the Club apart

from myself. I have one collector outside the Club who continually sends me a supply which she gets from several sources. I pass the stamps to our Honorary member, Trevor Leaver, who has a contact who puts the stamps to good use.

If you want to feel good, bring your used (or unused stamps) to our meetings, or send me an email to [rbnh@westnet.com.au](mailto:rbnh@westnet.com.au). I shall be glad to hear from you.

### HOME AIR CONDITIONING

#### About Jeff Mouritz GAS & AIR

In the nearly 40 years since I started GAS&AIR, I have discovered that providing year round comfort for people is very much a personal decision and a matter of taste. No two people are the same and for that reason, each air conditioning or heating installation varies from the next. My experience tells me that by providing people with the right information helps them identify the particular product that can satisfy their particular need.

The GAS&AIR Website we believe offers information you can digest easily and will help you identify the product or system that is best suited to you and your family.

Thank you for taking the time to visit our website. We welcome your feedback and comments and look forward to be of service to you.
