**Meeting October 23**

**President Colin** welcomed guest speakers' Dr Alice Domenichini and Fabienne Vonarburg. He also welcomed Associate Professor Debbie Trinder who were all representing the Spinnaker Health Foundation.

It was also good to see Sally and John back again.

**Colin** reminded members that we have three sausage sizzles coming up which will help build charity funds up again. All members are asked to note the dates so they can help out on those days.

On the first sausage sizzle day, November 25<sup>th</sup>, we are also holding a cake stall and would appreciate donations of cakes, biscuits and slices.

October 24 is World Polio Day. To mark this event Colin prepared a slide show about the fight to rid the world of polio, for members to watch during dinner.

**Thank you to Anthony Vergona

## Thank you

**Giovanna** did a great job as Attendance Officer in Greg's absence.

We look forward to hearing about and seeing pictures of the wedding and birthday celebrations in the James family.

## Rotary Charity Golf day

**Rod** was delighted to tell members that **Neo Metals** will be returning as a sponsor.

## New Co-Sponsors

*Melville Mazda has agreed to be a Co-Sponsor of the 2018 Rotary Charity Golf Day to be held at Royal Fremantle Golf Club on Friday, March 9.*

*The British Sausage Ham and Bacon Company have also agreed to be a Co-sponsor, as well as providing all the sausages needed for the day.*

## New Major Sponsor

**Rod** was particularly delighted to announce a new Major Sponsor.

Olivia Haslam's company, **Haslam International**, will be a new Major Sponsor.

## Spinnaker Foundation

Rod was very pleased to introduce **Fabienne Vonarburg**, the General Manager of the Spinnaker Health Research Foundation.

The Rotary Charity Golf Day supports two major beneficiaries. Motor Neurone Disease Association and Spinnaker Health Research Foundation.

Fabienne showed us a video of the work being done through the Foundation.

She then explained that the Spinnaker Health Research Foundation, formerly known as the Fremantle Hospital Medical Research Foundation, proudly supports innovative health and medical research across the whole of the Perth south metropolitan region, including Fiona Stanley and Fremantle Hospitals and in collaboration with universities and research institutions in Western Australia.

Spinnaker aims to improve the health and wellbeing of our community through research. Their goal is to continue to build research capacity while accelerating health and medical research discoveries to translate them into prevention strategies, better treatments and, ultimately, cures.

She is looking forward to the next Golf Day and especially thanked all the people who co-ordinate the day and everyone involved, for their support, saying she really appreciated their efforts.

*Associate Professor Debbie Trinder, Rodney Rate, Fabienne Vonarburg, Colin McCulloch, Dr Alice Domenichini*

### **Dr Alice Domenichini 'Effects of Too Much Iron in the Heart'**

Dr Alice Domenichini is a recipient of one of our grants and is joined by Associate Professor Debbie Trinder.

She is studying the effect of too much iron in the heart.

Iron has brought significant changes to life for all, over the years. It is an essential nutrient for all organisms. However, in conditions where there is an excess of iron, such as hereditary haemochromatosis, it can have detrimental consequences as more iron is absorbed from the diet and deposited in vital organs such as the liver and heart, inducing progressive tissue damage.

Hereditary haemochromatosis and secondary iron-overload conditions, like thalassaemia, are some of the most commonly inherited disorders world-wide, especially in populations with European ancestry.

The mechanism of iron-induced heart damage in iron overload diseases, especially hereditary haemochromatosis, is still largely unknown.

The research project will examine in detail the effects of too much iron in the heart in a laboratory model of human hereditary haemochromatosis.

The outcomes from this study will provide new insights into the role of iron in iron overload disorders

### Winners

Colin won the Door Prize.

### Congratulations to Carole on winning the Joker Jackpot with the only two cards left.

*Which hand is the Joker in Carole?*

*Oh, I don't know which hand to choose!!!!*

*You're kidding! Is it true?*

*I don't believe it!!!*

*It's true. I really did win the jackpot!!!!*

*I'm so happy to share my wine but I'll take my winnings home.*
