Announcements

- Our nominated candidate for the next National Youth Science Forum, Kate Pearson, was successful in her application and interview process.
Thank you to all the club members involved in the process.
- Last Tuesday was the first Board meeting for the new Rotary year.
 - We observed a minute's silence in memory of David Maxwell
 - All past presidents are checking through their years reports to document all policy and procedural decisions'
These will be sent to Martin for him to collate.
 - It was here we found a decision had been passed, to charge non meal eaters \$7.00 and that will now be implemented
 - Some budgets were presented and we have a projected expected expenditure far in excess of what we have available in our Charity Account. So, we need to either spend less or raise more money.
- To help address this issue it was passed that next year's 'Music in the Air' concert proceeds will go to Rotary Charities.
- On July 29 we will be celebrating '30 Years of Women in Rotary'.
We have an outstanding citizen as our inspirational guest speaker, **Professor Lyn Beazley**. Please invite family and friends to this event. See poster below to book on Trybooking.
- Applecross Rotary have asked for volunteers at their annual Jacaranda Festival to be held on Saturday, November 23. They would like help for 2 hours from 9.00am, 11.00am and 1.00pm. Please make a note in your diary.

Ian told members that **Carole** would be holding a Memorial Party for her late husband, David. It will be at Tompkins on Swan this Saturday, July 20th from 2pm to 5pm. There will be an open bar, tea and coffee. You are asked to bring a plate to share. Can you please let Ian know if you are attending by this Thursday, July 18.

Guest Speaker

Kate Kirwin ~ 'Rising Star Awardee – SpaceCubed'

President Gail McCulloch, Kate Kirwin and Bev Moffat

As the Programs Co-ordinator at Spacecubed, Kate is responsible for providing opportunities for innovators through accelerator programs and hackathons; facilitating capability for innovation and business growth in regional areas; building community impact through partnering with schools and social enterprises; and fostering corporate innovation.

Kate was shocked to find just 20 per cent of tech jobs globally were filled by women, who also made up just 25 per cent of all start-up founders. She became really focused on how to get women into tech. She saw a lack of practical coding opportunities for women and the stereotypes ... of what it is to be a developer. Kate think girls aren't pushed towards that field.

Kate is a passionate advocate for women in STEM and innovation.

She is the founder of Perth Web Girls, an organisation that seeks to create technology and entrepreneurial career pathways for women by helping them develop coding skills, by not only online educational resources, but also free, in-person workshops for women across the State.

Kate was nominated for the Women in Technology Awards 2018, recognising her efforts to create career opportunities for women from Perth to as far as Port Hedland, and was announced the winner of a surprise \$25,000 grant from Northern Star Resources.

Kate is an exceptional young woman and it is easy to see why she won the award.

Patricia soon celebrating her 44th wedding anniversary.

Gail having a wonderful day in the bush with her family.

Heather saying **Keith** can now ride to work.

Kerry and **Abby** have a male student at last.

Bev had the grandchildren for a sleepover and they made her a special birthday card to "Grendy".

Bruce took his grandchildren to prison.

Mal was told he didn't look eighty years old.

Thank You

Thank you to **Colin and Gail** for the cakes enjoyed with tea and coffee tonight.

Thank You for Next Week

A very big thank you to **Heather McNaught** who has offered to cook for next week.

Please let, **Colin** or **Gail** know before the Monday so they don't cook too.
