ROTARY SPECIAL MONTHS: **AUGUST IS MEMBERSHIP AND EXTENSION**

The Rotary Club of Attadale would like to welcome visitors and prospective members to their meetings each week.

Come along and enjoy great fellowship and interesting guest speakers.

Visitors, members and guests should book in by phoning or texting the Attendance Officer, **Gillian Baker**, on **0437 146 849**, as soon as possible,

but before 6.00pm on the Sunday prior to the Monday meeting.

Members, unless Gillian receives an apology by 6.00pm on the Sunday prior to the Monday meeting, the meal will need to be charged to you.

Entertainment Books

Martin still has Entertainment Books for sale at \$70 each. **Martin** said the Digital app was an excellent feature

The sale of these books is a good fund raiser for our club, so please ask family and friends if they would like to buy one or more.

Meeting July 29

Celebrating 30 Years of Women in Rotary

What a wonderful night

Professor Lyn Beasley was inspiring, interesting, informative and entertaining, when she gave her presentation on 'Women in Science.'

President Gail McCulloch gave a very interesting presentation on the 'History of Women in Rotary.'

Colin McCulloch had two very interesting and entertaining presentations for all to enjoy.

Thank you to everyone who helped make this such a great night.

We were delighted that so many people came to support this event.

Thank you to the people who sent messages congratulating the Rotary Club of Attadale on presenting an excellent event.

Rotary Club of Attadale

Celebrates 30 years of

Women in Rotary

All Rotarians and friends are invited to a special Dinner Meeting with esteemed guest speaker:

Rotary Charge

Thank you to **PDG Robyn Yates** from the Rotary Club of Collie for reading the Rotary Charge

**Happy Birthday
George and Neil**

Wishing you both a very ~

**President Gail McCulloch, George Lewkowski
and Neil McKay**

History of Women in Rotary

President Gail McCulloch presented the 'History of Women in Rotary' and some stories of what happened over the years before and after it was legislated, that women were able to become members of Rotary International.

She paid tribute to the many men and women who persevered to make it happen.

Things finally began to happen, when in 1987, the United States, Supreme Court ruled that Rotary clubs could not exclude women from becoming a member on the basis of gender.

In July 1989 the Constitution and Bylaws of Rotary were changed, to eliminate the "male only" provision and women were officially welcomed into Rotary.

The vote to admit women was a turning point in the history of Rotary.

Women have embraced the opportunities provided by Rotary, and their contributions have made a significant and positive difference around the world.

Gail spoke of the magnificent women in our own District who have put service above self and taken on leadership roles and positions of responsibility, with great competence, commitment and compassion, always ready and willing to do whatever it takes, to be the inspiration, make a difference and connect the world.

BUT together, through Rotary, men and women, have worked to make the world a better place.

Gail finished saying she would like to thank you all for your amazing dedication and contribution to Rotary.

Guest Speaker Professor Lyn Beazley ~ 'Women in Science.'

Yvonne Rate, Professor Lyn Beazley and President Gail McCulloch

Yvonne Rate was delighted to introduce **Professor Lyn Beazley AO**, to the meeting. She proudly told us, of Lyn's qualifications and awards which were astoundingly numerous.

The following are a few of **Professor Lyn Beazley's** achievements.

She is a distinguished neuroscientist. Over three decades, Lyn has built an internationally renowned research team that has focused on recovery from brain damage and changing clinical practice in the treatment of infants at risk from pre-term delivery.

She was Chief Scientist for Western Australia from 2006 to 2013, advising the Western Australian Government on science, innovation and technology as well as acting as an Ambassador for science locally, nationally and internationally.

Lyn championed gender diversity and science in the classroom through programs such as Microscopes in Schools.

In addition to shaping science policy, she helped set up a nationwide 'hotline' for laboratory technicians in schools, worked for healthier waterways across the state by establishing Dolphin Watch and was involved in the negotiations for the Square Kilometre Array, the radio telescope project that is arguably the world's largest scientific endeavour.

In 2009, a new species of sponge was discovered in the Perth Canyon off Rottnest Island and was named after **Professor Lyn Beazley**. It acknowledged her dedicated advocacy of science in WA and her strong support of research, as well as the work of the WA Museum.

Lyn was elected a Fellow of the Australian Academy of Technological Sciences and Engineering, and was inducted into the inaugural Western Australian Women's Hall of Fame. She was then elected a Fellow of the Australian College of Educators and a Companion of Engineers Australia.

Lyn has worked to promote Science, Technology, Engineering and Mathematics (STEM) to the community, especially to young people, and in 2012 she was thrilled to become the second recipient of the Governor's Award for Giving, in recognition of her enthusiastic philanthropy.

Lyn also serves on several boards and advisory bodies.

She was awarded a Paul Harris Fellow of Rotary International, in recognition for her support for educational programs supported by Rotary Clubs.

In 2019 Lyn was elected as a Fellow of the Australian Academy of Science.

Our congratulations, admiration and thanks go to **Professor Lyn Beazley** for her outstanding compassion, commitment and life changing success.

Professor Lyn Beazley captivated everyone with her ready smile, friendliness and enthusiasm.

She shared with us stories of other amazing women she has worked with.

Dr Patricia Kailis

- During 1970s and 80s, became an expert in genetic diseases
- Set up a genetic counselling program, saved over 5000 boys from being born with muscular dystrophy in WA
- Her research formed the basis for identification of the genes for Muscular Dystrophy and for Motor Neurone Disease
- Led to WA discovery to treat boys with muscular dystrophy

Professors Steve Wilton & Sue Fletcher

World's first REAL treatment for Muscular Dystrophy

Professors Steve Wilton & Sue Fletcher at Murdoch University

Lyn told us of her early life and the impact of visiting Charles Darwin's home had on her. Looking through his microscope and seeing various plants inspired her to pursue a career in this area.

We are very fortunate indeed that **Professor Lyn Beazley** and her husband chose to come and work in Western Australia.

Lyn shared with us a little about each of the huge number and wide range of projects she has been involved in, since arriving here.

- 'Lambulance 'Drones in Tasmania: - Heat sensitive technology to check animal health in lambing season.
- Sundrop Farms growing delicious, natural and high-quality produce in greenhouse conditions using Southern Ocean seawater and solar power,
- Robotics in action
- Dolphin Watch
- Using sunlight to desalinate seawater
- Following migratory birds
- Autism – CoderDojo - BHP
- Introducing 'The Financial Toolbox'
- Prestigious International Scholarships Mentoring Alliance

Professor Beazley's passion is for every Australian child to learn and love science and be able to work on life changing projects.

Her presentation left us all in awe of her achievements and wonderful contribution to the world.

Photographs of each table of guests

Legends in a Lunch Box

Colin presented a great power point and accompanying story where guests were recognised for being a *Legend in their own Lunchbox*.

We were privileged to have them attend our meeting.

Yvonne Rate Famous face at the football on television

... and the two bestselling editions of 'Fishing the Wild West', regarded as the bible of local fishing and written with his great mate and another WA Newspaper legend, Ross Cusack.

Ross Cusack great fisherman and writer

George Lewkowski award winning card player

Jeff Spickett award winning photograph

Leanne Knowler Inaugural President of the Rotary Club of Baldvis

As District Governor Robyn Yates, was responsible for over \$300 000 being raised for 'End Polio Now', with the help from The Gates Foundation.

Winners

This week we had two Door Prizes. The winners were; -

Warwick Smith from the Rotary Club of Heirisson

Robin Hamilton from the Rotary Club of Attadale

Happy Dollars

Colin conducted two Rotary Quizzes with multiple answers so those guests not from Rotary had a chance to guess the correct answers.

It proved to be very popular and enlightening.

The winner of the
first quiz
was our guest speaker
Professor Lyn Beazley

The winner of the
second quiz was
Past District Governor
Robyn Yates

Thank You

A big thank you to **Bev Moffat** and **Jeff Spickett** for taking great photos during the evening.

Record of Leave

The Record of Leave book will be on the desk with the Attendance Officer each week.

- We would like you to write in the book when you are going to be away.
- If you let Gillian know, preferably in writing by text or email when you are going to be away, she can fill those dates in the book.

Used Stamps

Thank you, Trevor Leaver and Robin Hamilton,

Email from Trevor Leaver, Rotary Club of Attadale Honorary Member

Email from Trevor Leaver

Hello Gail,

I noticed in the recent Bulletin reference to the collection of “used stamps “.

For your information, between 2000 and 2008 through Club activities, I processed some 1,000,000 stamps and of these a retired chap, Ric Ewers, trimmed approx. 500,000 and in recognition of his efforts the Club awarded him a “Certificate of Appreciation”.

After 2008, due to the extended use of e-mail, the number of addressed envelopes decreased and it took some time to collect any significant number of stamps. At the time of my retirement from the Club in September 2012, no one was interested in carrying on with this project so I said I would, as an Honorary Member of the Club, and over

the past seven years whilst collecting stamps from friends, I have also received stamps from Robin Hamilton – some from the Club and others from his friends.

Over these past seven (7) years, as I accumulated a sufficient quantity, I delivered them to the collection point at the Company “ALL SIGNS “Victoria Park, advising that they were from the Attadale Rotary Club.

If Rotarians, family and friends collect the used stamps and give them to Robin Hamilton, I am happy to deliver them to the collection point.

The purpose of this e-mail is that I got the impression from the notes in the Bulletin that the Club and Members may not have been aware of the fact that the collection and delivery of used stamps to the collection point has been continuing from 2012 to date- very slowly.

Regards,

Trevor Leaver—Hon, Member

Please bring used stamps to Robin Hamilton

Movie

We have a date for our next movie fund raiser Sunday 6 October 2019

Music in the Air DVD

Colin filmed the concert and has burned a number of very good DVDs that are for sale for \$10.00. If you would like one please contact Colin.

<http://www.sso.org.au/>

Established in February 2011, the South Side Symphony Orchestra, SSSO, is based in Melville and has a regular membership of 50 enthusiastic musicians from diverse backgrounds. What unites us is the passion and pleasure in making and performing music with and for others. We are grateful to our Musical Director, Laurissa Wyllie-McCarthy, and consider ourselves very fortunate to have Laurissa lead our team of passionate musicians.

It a great privilege to bring "Music in the Air" to you today — a collaboration between the Rotary Club of Attadale and SSSO. Proceeds from this concert will be donated to the Royal Flying Doctor Service (WA).

DVD produced by Colin McCulloch, Rotary Club of Attadale

Thank You

Thank you to **Betty Bright, Shelly Doogue, Bev Moffat, Pittaways, Yvonne Rate, Robin Robinson and the McCullochs** for the delicious cakes enjoyed with tea and coffee.

Offers to cook for next week

If you would like to provide something to have with tea and coffee next week, please let Gail and Colin know.

Rotary Oceania Medical Aid for Children (ROMAC)

To continue their good work and to assist those not in a position to obtain the necessary medical treatment for their children ROMAC needs a group of committed volunteers in Districts 9455 and 9465. Could you be that volunteer?

Both Districts require volunteers to fill the position of District Chairs and Committee Members.

District Governors have the prerogative of the final selection of the District Chairs.

Should you be interested in a rewarding, satisfaction guaranteed volunteer position for ROMAC please either contact your respective District Governor or the contacts listed below.

Should you require more information as to the responsibilities and expectations, please contact Bob Cooper, Western Districts Chair of ROMAC as listed below, and I will forward it to you direct.
